Use reverse side of this form for additional sponsors					Total Pledges

- 1) Each child will get to bat three balls off a batting tee.
- 2) The ball must advance a distance of at least ten feet in order to count. If it does not advance at least ten feet after ample tries, ten feet will be recorded as the maximum distance the ball traveled.
- 3) A Hits for Kids-a-thon official will be in charge of verifying all measurements. All measurements will be in reference of the distance the ball travels from home plate or tee in "fair" territory.
- 4) After the child hit the final ball, the ball that traveled the furthest distance will be recorded at the top of this form. In case of a tie, the second furthest distance will be used to determine a place winner.
- 5) **Sponsor Pledges:** If a flat rate amount was pledged, that amount will be due from the sponsor regardless of the child's maximum distance recorded at the event. **All Flat Rate pledges should be collected prior to the Hits for Kids-a-thon and handed on May 19th.** This **form** with the sponsor's per foot pledges should be returned to their team's coordinator by **Saturday, June 2nd.** Please make checks payable to **JPYO.** All pledges are 100% tax deductible.
- 6) **Prizes:** There will be three separate age divisions competing: 3-4 year olds, 5-6 year olds and 7-8 year olds. Each division will be awarded prizes for the top 3 places in hitting distance. Prizes will also be award to the highest individual and team sponsor earners. The prizes will be presented at the Family Picnic and Award Ceremony on Sunday, June 10th.

Thanks for your support!!! All proceeds raised from this event will go towards new equipment and allow us to keep our registration fee low. Visit our website at www.JPYO.com for more details concerning the JPYO Hits for Kids-a-thon.
